

URBACT II Managing Authority
194, avenue du Président Wilson
93217 Saint Denis la Plaine
France

Dear Madam, Sir,

The City of Stockholm confirms its commitment to be Project Partner in the activities of the URBACT *Thematic network* proposal entitled Electric Vehicles in Urban Europe led by Westminster City Council.

The specific challenge we wish to address in this *Thematic network* as a Project Partner is the development of integrated and sustainable strategies and policies for the use and promotion of electric vehicles as part of the overall improvement of the effectiveness and efficiency of transport services in Stockholm.

We are convinced that by working through this URBACT project, we will be able to better address these challenges. In this context, if the proposal is approved within the framework of the URBACT II Programme, we will participate in the project, take on roles and implement activities as indicated in the Declaration of Interest work programme.

To this end we also formally commit to engage the funds needed to co-finance ERDF. In the Development Phase, this is estimated to amount to €3607.50. The details of this contribution are outlined within the Final Application and in the attached financial tables.

Yours sincerely

ULLA HAMILTON
Vice-Mayor
