Gunnar Söderholm

### **Bakgrund**

Portland anordnar den 26 – 28 oktober 2011 The EcoDistricts Summit. Stockholm är inbjudet att tala om stadens miljöarbete och om våra miljöprofilområden. Internationella beredningen har beslutat att Per Ankersjö, Michael Magnusson, Lukas Forslund, Annika Raab och Cecilia Fraenkel skall åka på stadens bekostnad.

Jag är ombedd att hålla en presentation den 27 oktober tillsammans med Per Ankersjö. Per talar om stadens miljöarbete och jag under temat från gammal slum till miljöprofilområde i världsklass.

Vi är också inbjudna att träffa företrädare för Seattle City och besöka deras olika miljöinsatser inom bostadsområden m m. Vi har också blivit kontaktade av den svenske konsuln i Seattle och Oregon, Lars Jonsson, för att träffa företrädare för näringsliv och universitet m m under söndagen den 23 oktober. Min resa bekostas av nämnden. Den sammantagna kostnaden beräknas till ca 25 000 kr inkl hotell, avgifter etc
